AcuSeek Application for Supermarkets

What challenges do supermarkets face?

- Customers' belongings, such as backpacks or handbags, went missing – Security teams must review footage frame by frame to locate missing items.
- Security concerns from suspicious individuals – Manual video reviews often take a long time to identify suspicious activities like shoplifting.

How does AcuSeek help here?

Key advantages of AcuSeek

1

Search Broadly
Search for objects such as people and cars, or find specific items by connecting them to a certain feature, like a person wearing a black hat and a black mask.

2

Search Accurately
You provide detailed text input, and the system will understand the nuances to reduce false matches.

3

Search Instantly
Get results in seconds from hours of video footage – no more manual searching frame by frame.

4

Search Flexibly
Use shortcuts like "find persons" and "find cars," and customize your own search keywords.
